## Welcome!

After years of discussion, welcome to the [CoachinginHealthcare.org](http://CoachinginHealthcare.org) Newsletter!

We hope it will be a useful venue to begin academic and practical exchanges, connect with others sharing similar successes and struggles, get to know who we are as a community and discover what more we can accomplish as group. We will begin with Jim McLaren hosting our first call on October 9<sup>th</sup>.

## How Do We Decide?

What could we achieve? We need some questions to help set our direction as an organisation. What is your vision and opinion?

1. *What do we want to accomplish?*
2. *What would you personally look for in an organisation like this?*
3. *What other associations or conferences do you participate in that we could partner with?*

## Feedback please!

**NB: If you are going to the ICF conference in Ca., do you want to lead a roundtable?**

## Activities

### Membership

Membership is free and consists of showing up for the monthly conference calls advertised in the newsletter. We would still love to hear your ideas, whether you are a registered member or not!

### Conference Calls

Our first official bridge call will be Oct. 9<sup>th</sup> and if there is interest, every 4 months we can connect on the phone. Different topics, lead by different members will lead a rich exchange of ideas and solutions. We aim to present a paper, case study, or something educational that most healthcare coaches can use. If you would like to host a call, just email us. Easy!

Here are the people who have asked to be put on the list, or who were recommended by others and have therefore received this email.
